Synopsis by Planet ZOZO

- 1 A little dog called Joy is very **excited**
- 2 because she is going on a fishing **tour** on the lake.
- 3 The dog's **owner** is a **fisherman**.
- 4 He steps into the boat holding a **lantern**.

- 5 He **rows** the boat to the middle of the lake.
- 6 Joy is very **playful** and plays with **dragonflies**.
- 7 The fisherman takes out a few **worms** from a can
- 8 and puts them on the hook of his **fishing rod**.
- 9 He **casts** the **hook** far into the water.

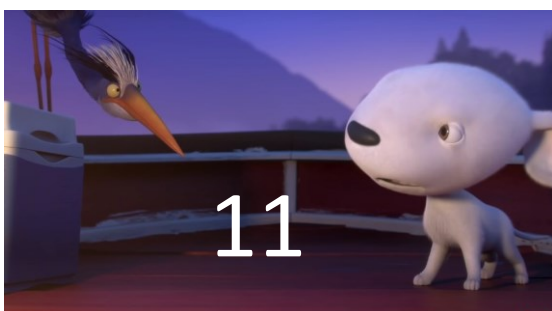

- 10 A **heron** flies to the boat and sits on the **edge**.
11 She **quickly snatches** a worm from the can
12 with her long **beak** and flies away.
13 That makes Joy very **angry**.
14 She **barks** at the heron.

- 15 The fisherman **shushes** the dog
16 because she is scaring the fish away.
17 Joy is **disappointed** and lies down.

- 18 Then the heron **returns** and wants to snatch more worms.

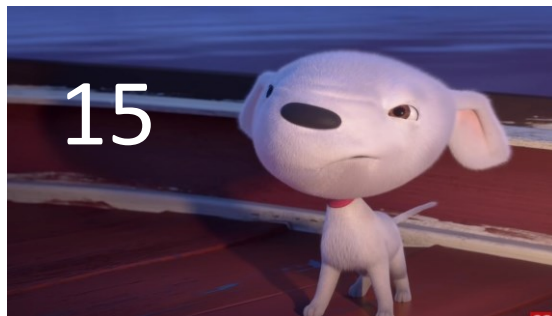

19 The fisherman does not **notice** the heron.

20 Joy barks again and the heron flies off again.

21 The fisherman turns around and shushes the dog again.

22 He is angry and tells her to go to the back of the boat.

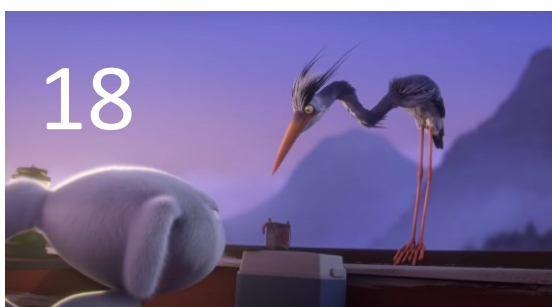

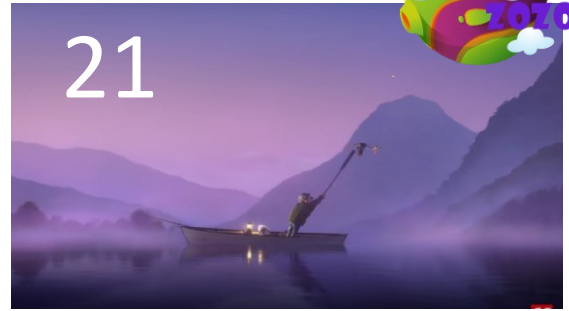

23 The heron is **stubborn** and flies back to snatch **even more** worms.

24 This time, Joy grabs the worm and both of them start to pull.

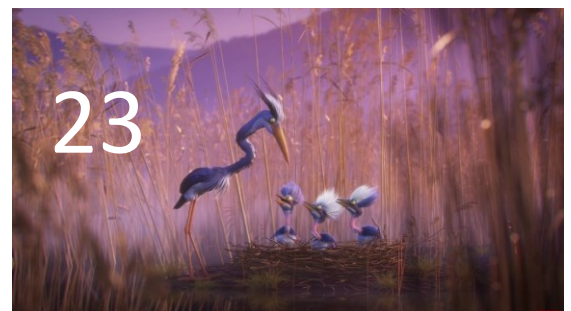

25 The worm **snaps** and **breaks**

26 and the heron **tumbles** back and falls inside the boat.

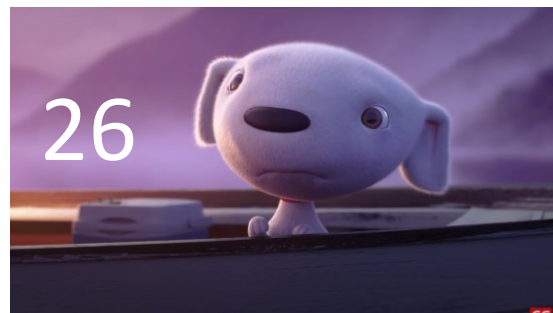

- 27 The fisherman hears the **noise** and turns around.
- 28 He is very angry and picks up an **oar** to **shoo** the heron away.
- 29 Joy is now very **pleased** and smiles.
- 30 She keeps watching the heron to see where it is going.
- 31 She sees that the heron is the mother of three **chicks**
- 32 and she is **feeding** them with worms.

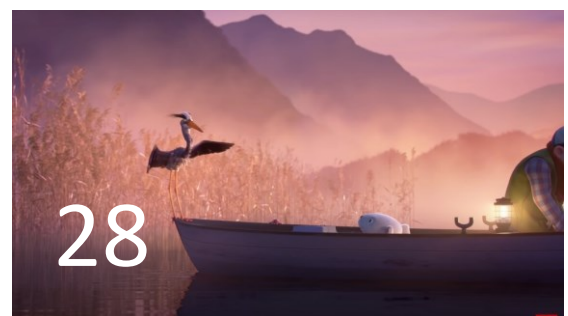

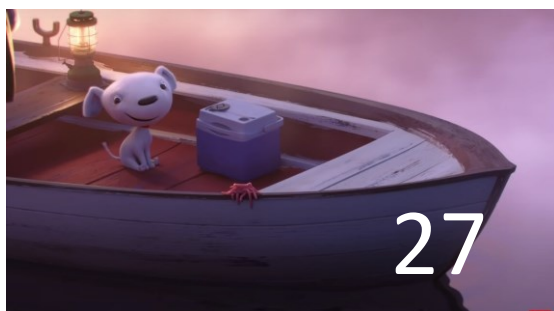

- 33 But this time, she gives them fish.
- 34 The chicks don't want fish. They want worms.
- 35 Now Joy understands why the heron came to snatch worms.

36 She **offers** the heron a **bunch** of worms.

37 The heron flies back to the boat and takes the worms.

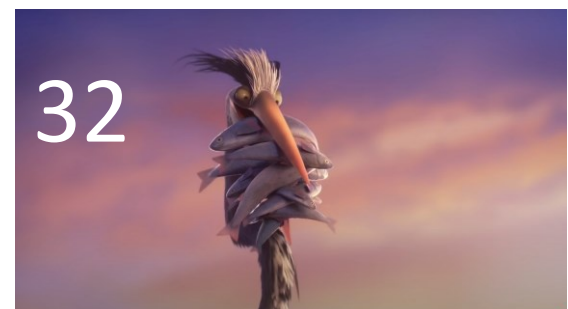

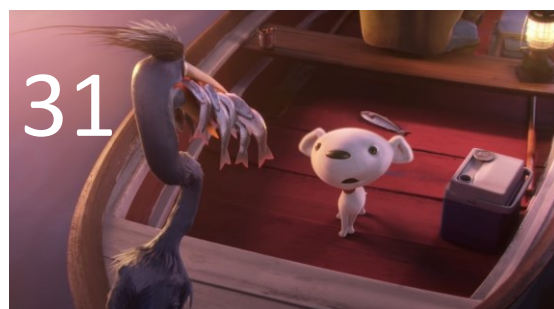

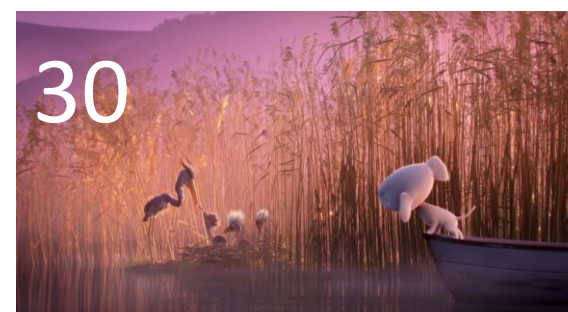

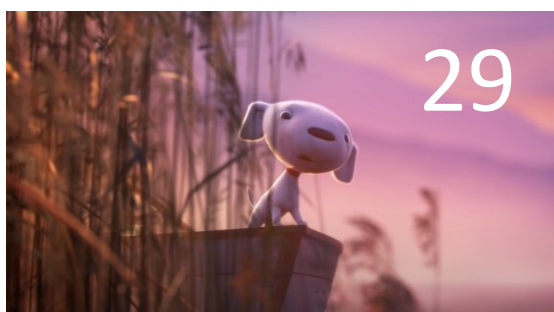

38 Joy is very pleased and smiles

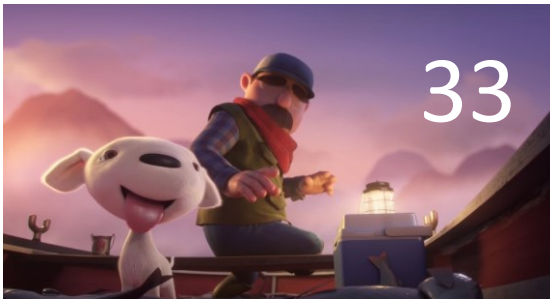

39 but she is not happy that her owner cannot catch any fish.

40 Right then, the heron returns with her beak full of fish

41 and **drops** them inside the boat.

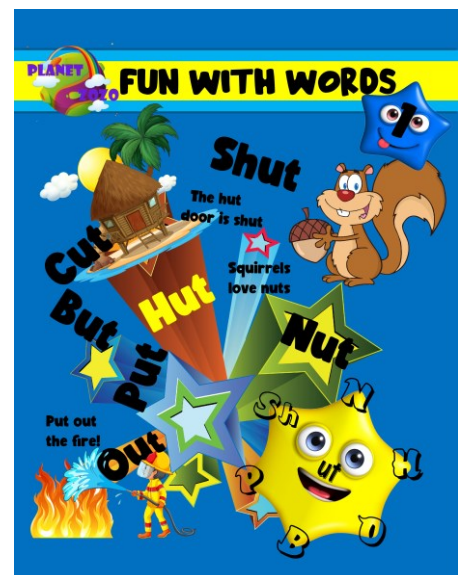

- 42 The fisherman sees that and is so happy.
- 43 He **pats** Joy on the head to say he is **proud** of her.

Listening Exercise – Page 12

Instructions:

The teacher puts in numbers (1 to max, depending on number of rows in each column; A, B, C, D) randomly first and then reads out the words from 1 to max by reading out loud: word + its number.

The students then put in the right number in the box next to the word they think they heard.

This exercise is to test whether the students recognize the words after hearing the words pronounced.

Shoo ... 1	Heron		Noise	3
Bark ... 2	Lantern		Excited	
Noise ... 3	Shoo	1	Snap	
	Stubborn		Feed	
	Drop		Bark	2
	Cast		Beak	

Start numbering with the easiest words and leave the most difficult words to the last. Repeat each word+number at least 3 times with enough pause.

Once each column is done, go back and repeat the column more quickly one more time to give them a chance to check answers.
